

Guardian[®] USB

Appendix F Certified Ten-print Livescan

FEATURES

- Forensic-quality fingerprint capture
- Auto Capture and Perfect Roll
- Compact, ergonomic design
- Appendix F certified
- Proven reliability

PRODUCT DESCRIPTION

The Crossmatch[®] Guardian product line was the first compact, mobile, ten-print livescan solution to meet the U.S. government's stringent biometric standards. Designed for rapid, forensic-quality fingerprint capture, all Guardian versions are fully compliant FBI Appendix F certified scanners suitable for both criminal and applicant biometric identity management.

Unique features, such as our patented Auto Capture capability and Perfect Roll technology, allow foolproof fingerprint acquisition – positioning Guardian as the ideal choice for high-volume fingerprint enrollment and/or verification applications where accurate image capture and throughput times are critical success factors.

Chosen for the Department of Homeland Security's U.S. VISIT program, Department of State's Visa program, and numerous other U.S. and foreign government biometric deployments, the Guardian's durability and reliability is field proven.

The Guardian USB is your logical choice for commercial, civil, and defense-related applications such as border control, national ID, pension and benefits administration, voter registration, and applicant background check programs.

ABOUT CROSSMATCH

Crossmatch helps organizations solve their identity management challenges through biometrics. Our enrollment and authentication solutions are trusted to create, validate and manage identities for a wide range of government, law enforcement, financial institution, retail and commercial applications. Our solutions are designed using proven biometric technologies, flexible enrollment and strong multi-factor authentication software, and deep industry expertise. We offer an experienced professional services capability to assess, design, implement and optimize our identity management solutions for a customer's individual challenges. Our products and solutions are utilized by over 200 million people in more than 80 countries.

Guardian[®] USB

Appendix F Certified Ten-print Livescan

STANDARD NETWORK CONFIGURATION

SPECIFICATIONS

Capture Modes	Flats, Rolls
Capture Features	Auto Capture, FlexFlats, FlexRolls
Image Quality Certification	FBI Appendix F, Livescan, and ID Flat (with or without membrane)
Image Resolution	500 ppi
Device Interface	USB 2.0 High speed
Certifications	FBI Appendix F, UL, CE, RoHS, FIPS 201
Operating Temperature	32°F - 122°F (0°C - 50°C)
Heated Platen	Eliminates condensation and halo effects
Power Supply	External power supply
Device Dimensions (w x h x l)	6" x 6" x 4.7" (152 mm x 152 mm x 120 mm)
Weight	4 lbs (1.8 kg)
Water and Dust Protection	IP 31
Operating Systems	Windows [®] XP 32-bit; Windows 7/8.1/10 32 and 64-bit
SDK	L SCAN Essentials
Optional Components	Roll capture license, Mounting bracket, Supply kit, Accepts security cable

Data subject to change without notice.
